### NOTE ON EMBROIDERY STYLE CHOICES

#### Logo Colors

Means you would like your official company logo colors used.

#### Match Trim/Brim Color

Means the logo will be done in the accent color of the product - in this case, black (to match brim and stitching).

#### Tone On Tone

Means the logo will be done in a thread color that is very close to the color of the piece - this style makes a more subtle statement.

# RISING COTTON PRICES

Cotton - Monthly Pricing - Commodity Prices Value

IMPORTANT

IMPORTANT

The site below provides cotton monthly pricing (cotton commodities). Information is provided by USDA Market News.

<http://www.indexmundi.com/commodities/?commodity=cotton&months=12>

## Dear Friends and Customers,

I would like to personally thank all our loyal customers for the privilege of serving you over these many years. We are grateful for the many friendships we have gained.

The immediate future of our industry will be challenging as we experience a surge in cotton prices primarily due to factors in foreign markets. Prices as shown above rose 48% from September to November, 2010. Because of these rapidly increasing costs, our suppliers of products containing cotton have notified us that we will see price increases periodically in the coming year. Regrettably, we may have to increase our prices on products offered in our catalogs and online stores; we will do everything possible to minimize any increases in price.

Thank you for your continued business and for being a valued Lake Pointe Customer.

Best Regards,  
*Larry Burris*  
President

**Lake Pointe specializes in custom embroidered corporate apparel for the discriminating buyer...**

**Logo Colors**                      **Match Trim Color**                      **Tone on Tone**  
See front inside cover for color images.

**Embroidery Styles**

**Logo Colors:** When you select logo colors for your garment, we make every effort to match our thread colors as closely as possible to your logo colors in order to maintain the integrity of your company's logo.

**Match Trim Color:** Specifically designed for apparel fashioned with two or more colors. The contrast color is usually chosen from the trim on the collar and cuffs, or a pre-embroidered logo (PING, Adidas, etc). This is a 1 color option coordinated for a classically finished look.

**Tone on Tone:** Thread color will be either slightly lighter or slightly darker than the main fabric of the garment. The result is a visible but subtle logo on your apparel. This is an excellent choice for dressier clothing or for apparel colors that conflict with logo colors.

**Art & Design Services**

Lake Pointe is proud to offer Art and Design services at the rate of \$30 per hour, with a minimum of one hour. The Art Department at Lake Pointe can provide an estimate before beginning artwork preparation.

Electronic Artwork may be submitted via disc or e-mail. Preferred formats are: vector eps, pdf, ai, cdr or psd.

Hard Copy Artwork should be crisp, clean, black and white line art whenever possible. Providing artwork larger than actual size will allow us to reduce it and will provide a better finished product. If there are questions, please call 1-800-706-0870.

Prices in this catalog represent costs for the listed quantities. In the event that you need larger quantities for trade shows or special events, please call for special pricing. We are also pleased to research and present new items and ideas to meet your specific needs.
